There are a number of persons out of empleasant and permanent business. The amount our agents make varies, some make Pennsylvania sold 32 in two days, and cleared \$64.00. An agent in New York made \$35.00 in one day. Any man with energy enough to work a full day, and will do this during the year can make from \$2,000 to \$6,000 a year. We only want one man in each county, and to him will give the exclueach county, and to bim will give the exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$200 to \$1,000 to invest, can obtain a general agency for ten counties or a State. Any one can make an investment of from \$25 to \$1,000 without the least risk of loss, as our circulars will show that those investing \$25 can after a 30 days trial return the goods unsold to us and get their money back, if they do not clear at least \$100. They show that a general agent who will take ten counties and invest \$216.00 can after a trial of 90 days return all goods unsold to us and between country and to them. sold to us, and have money returned to them if they full to clear at least \$750 in that time. There are many persons having money to invest, who could not give the business personal attention—such can employ sub-agents without leaving home—making a large amount yearly out of a very small investment; we are RENNER MANUFACTURING Co. 118 Smithfield st., Pittsburgh, Pa.
